ABOUT THE SEMINARS:

During our one-day seminar, experienced application engineers and technicians will give you an overview of emerging trends, major challenges and hands-on sessions on KVM and AV solutions in collaborative environments. The one-day seminars are split into two major blocks: learn about control room related trends and solutions in the morning, and about conference room technology in the afternoon.

AGENDA

TIME	ITEM	SPEAKER
Part 1: Control Room Trends & Challenges		
9:30	Arrival	
10:00-10:15	Welcome	Local General Manager
